## **BIOGRAPHICAL/HISTORICAL SKETCH**

A Medical Inspector in the United States Navy, Aaron S. Oberly was born April 7, 1837, in Pennsylvania. Little is written of his early life. On July 1, 1861, he was appointed an Assistant Surgeon, from Connecticut, and commissioned on July 30<sup>th</sup>, 1861. He was attached to the receiving-ship USS *Ohio*, the USS *Boston*, and to the frigate USS *Sabine* in 1861. From 1862 to 1863, he was assigned to the gunboat USS *Kineo*, stationed with the West Gulf Blockading Squadron. Oberly was present during the bombardment and passage of Forts Jackson and St. Phillip (1862), the passage of the batteries at Port Hudson by Farragut's fleet (1863), and the engagement with batteries at Grand Gulf. While serving on the steamer *Santiago de Cuba*, Oberly was present during two bombardments of Fort Fisher, in December 1864 and January 1865. He was commissioned as Surgeon on June 19, 1865, and did tours of duty in Mound City, IL, to the West Indies in the sloop *Narragansett*, to the South Atlantic in the sloop *Portsmouth*, and in the ironclad *Dictator* as part of the North Atlantic Fleet in 1874-75. After several appointments on shore, he again served shipboard on USS *Powhatan* in 1880-81 and on USS *Richmond*, from there becoming the Fleet Surgeon of the Asiatic Station in 1881-84. He retired in January 1889 from causes incident to exposure on the Asiatic Station.

## **SCOPE AND CONTENT**

This collection features the correspondence of Aaron S. Oberly to Miss Maria A. Woodford from 1861 to 1865. Oberly wrote the bulk of the letters in this collection, while serving on board the USS *Santiago de Cuba*. While one letter dates from 1861, the bulk of the letters are from 1864-1865. The letters are deeply personal, expressing Oberly's passion and love for Maria. However, they also contain information on the movements and activities of the Union blockade fleet and life on board ship. Oberly's collection of letters reflects the style of communication of the period and attitudes about the roles of men and women.

The letters are organized into file folders. They are arranged chronologically.
